

Celebrating 40 Years  
**40**

The **Power** of Ozone

## Ozone SWC with pH

A Fully-integrated System

### Enjoy

- ✓ **Powerful** sanitation provided by ozone
- ✓ **Convenience** of a saltwater chlorinator to provide a safe residual
- ✓ **Optimum** water balance with algorithmic pH control
- ✓ **Suitable** for use in conventional salt or mineral salt pools

Proudly  
Manufactured in Australia

## How it works?

- 1 Ozone is the frontline of defence** against bacteria and other pathogens in the water. Ozone is a powerful sanitiser and leaves no trace in the pool water after treatment.
- 2 The SWC chlorinator provides a reliable residual disinfectant** so that your pool is always clean and safe to swim in. The SWC chlorinator is suitable for use in salt or mineral pools.
- 3 pH control enhances the effectiveness** of the sanitiser by maintaining the pH of the water in the correct range. The algorithmic pH doser is incorporated into the unit.
